

Vantage Holiday Home System

Windows and Doors

Perfect for Garden Studios

Ideal for Garden Offices and Cabins

Upgrade Holiday Home Windows & Doors

The Vantage Holiday Home System is an innovative PVCu window and door system that provides added value and kerb appeal to any static structure.

The system can be fitted in a structure with a wall thickness from 38mm up to 100mm, thus allowing secure and thermally efficient windows and doors to be fitted in caravans, log cabins, garden rooms, garden offices, sheds, containers etc.

The patented fast fit / compression fit system is fitter friendly, can be both internally and externally glazed whilst also available in a comprehensive range of colours.

An attractive range of 14 foiled colours and woodgrain effects are available for the Vantage Holiday Home System. A colour swatch can be provided which shows the grains detail.
